Extraordinary care, just for kids!
At Manning Family Children's, our promise is to shape a healthier, happier future for kids. For 70 years, we've provided expert healthcare for children across our state and region. Today, we provide unmatched pediatric expertise wrapped in a whole lot of love. Our community can count on the extraordinary care provided by our pediatric-trained specialists, from the most complex pediatric procedures, to the everyday health of children and adolescents.
From our main campus in Uptown New Orleans, to satellite locations throughout Louisiana and the Gulf South, we're working to ensure that families across our state and region have access to the specialized pediatric care they need. Last year alone, we cared for more than 580,000 kids - the most in our history.

Personal page suggested content

For 70 years Manning Family Children's has been running towards the problems that impact our kids as Louisiana's only, freestanding comprehensive children's hospital – delivering expert pediatric care for every child, every time, regardless of ability to pay.

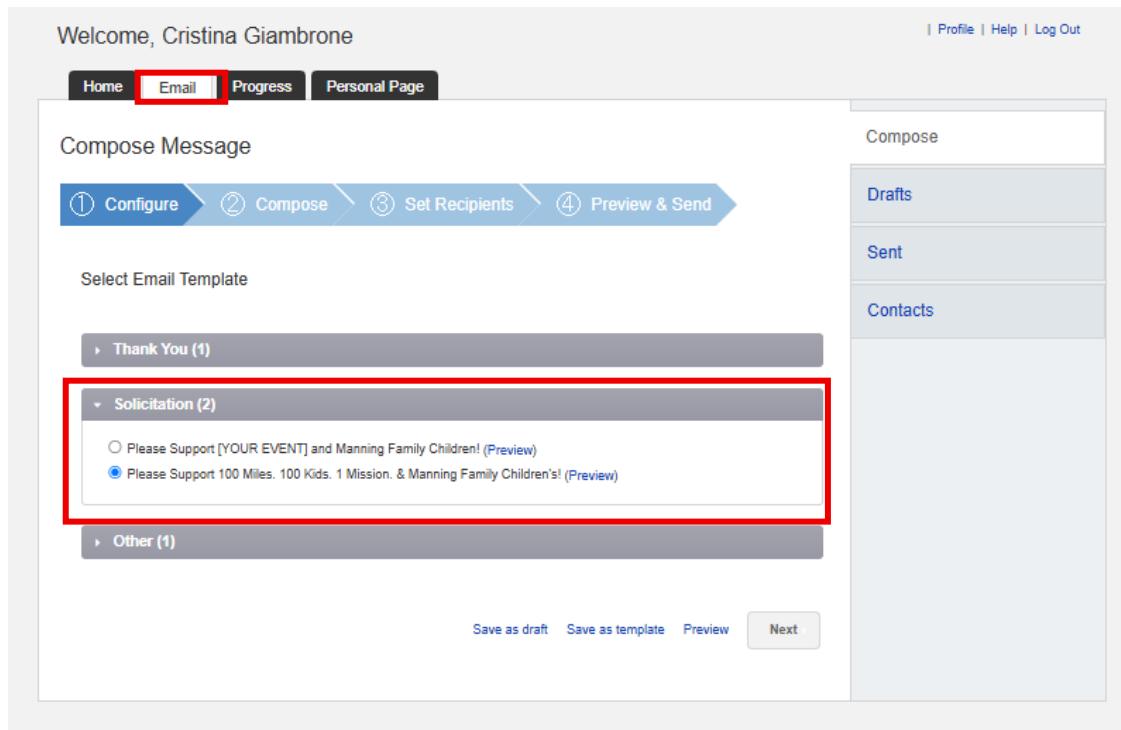

I have joined the movement and committed to raise \$1,000 as part of the 100 miles. 100 kids. 1 mission. campaign for Manning Family Children's.

This summer, the hospital's CEO, Lou Fragoso, is running an ultramarathon – 100 miles through the Rocky Mountains – with each mile dedicated to a child who received care at Children's.

Much like an ultramarathon, the often long, challenging healthcare journey each patient goes on is one of perseverance, teamwork, and grit. 100 miles. 100 kids. 1 mission. brings awareness to these stories and celebrates the bravery and hope of every child, while supporting the mission of Manning Family Children's.

Step 6: Start Sharing

You can also email directly through your participant center – we've got an email preloaded with messaging specific to the 100 miles. 100 kids. 1 mission campaign.

Welcome, Cristina Giambrone

Fundraising Tips & Tricks

Fundraising Tips & Tricks

Personalize your fundraiser

Telling everyone why you're fundraising and what it means to you helps convey the importance of your fundraiser and allows your donors to feel connected.

Personalized fundraisers typically raise twice as much!

Self donate

Making a donation to your own fundraiser sets the tone for your donors.

Again, self-donors usually raise twice as much as those who don't!

Ask, ask, ask!

Don't be afraid to ask your friends and family to donate more than once – and in a variety of ways. Often times, donors get distracted by life and appreciate the reminder.

Don't forget to thank your donors – let them know that their donation is appreciated!

Please contact Katherine.Gleason@lcmchealth.org for any additional questions or help, and thank you for joining the movement!
